MCX / MCX Virtus / MCX Rattler Installation Instructions

Failure to read and follow these instructions will void the warranty.

The retaining clip on these handguards is permanently installed at MI. If you attempt to remove this clip it will void your warranty and any damage to your handguard will not be covered.

- 1.) Make sure your firearm is unloaded and pointed in a safe direction.
- 2.) Repeat Line 1.
- 3.) Pull out your front take down pin so you can remove the factory handguard. This will be shown in the owner's manual of your firearm.
- 4.) Slide the factory handguard off your gun and remove it.
- 5.) Slide your MI handguard onto your rifle until the holes of the retaining clip and take down pin line up.
- 6.) Push your take down pin into the assembled position.
- 7.) Thank you for your purchase and enjoy your new handguard.
